1. Altrenogest is only permitted in mares;
2. The manufacturer's recommended dose of altrenogest and duration of treatment for oestrus suppression must be followed;
3. Medication Form 2 must be completed, signed and approved by the Veterinary Commission/Delegate.

*N.B. The manufacturer's contra-indications and warnings etc. must be noted and understood before using altrenogest.*

**Horses will be tested for the presence of altrenogest.**
