# PREAMBLE

These Eventing Rules are effective as of 1 January 2013. However, certain aspects of the Rules will be implemented progressively as specifically indicated herein and will only be fully operational as of 1 January 2014.

The FEI Veterinary Regulations underwent a full review at the same time as the Eventing Rules and once the Veterinary Regulations are approved at the 2012 General Assembly, there will be a period of transition during which terminology and principles will be harmonised between these Eventing Rules and the Veterinary Regulations. Between now and 1 January 2014 during this transition process, if there is a conflict between the Veterinary Regulations and these Eventing Rules, the Eventing Rules will govern. As of 1 January 2014, if there is a conflict between the Veterinary Regulations and these Eventing Rules, the Veterinary Regulations will govern.

The Eventing Rules will be substantively reviewed every four (4) years unless urgent clarifications or modifications are required for risk management purposes.

As of this date, all other texts of the Eventing Rules or amendments to them dated prior to this date are superseded.

Although these Eventing Rules set out the detailed rules of the FEI for international Eventing Competitions, they must be read in conjunction with:

- FEI Statutes
- FEI General Regulations
- FEI Dressage Rules
- FEI Jumping Rules
- FEI Veterinary Regulations
- FEI Eventing Memorandum
- FEI Eventing Cross Country Guidelines

The FEI Jumping, and Dressage Rules apply for the Eventing Jumping and Dressage Tests except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Jumping and Dressage Rules during the year will be evaluated for application in Eventing from 1st January the following year.

Every Eventuality cannot be provided for in these Eventing Rules. In any unforeseen or exceptional circumstances, it is the duty of the appropriate person or body to make a decision in a sporting spirit, by approaching as near as possible the intention of the Eventing Rules and of the General Regulations. Should there remain any omissions in the Eventing Rules, such omission shall be interpreted in a manner compatible to the fullest extent with the other provisions of these Eventing Rules, other rules and regulations of the FEI, and sporting spirit.

For the sake of brevity these regulations use the masculine form; this is to be interpreted to include both genders. Terms with a capitalized first letter are defined in the Glossary of the Eventing Rules, in the General Regulations, in the Statutes or in other Rules of the FEI.

## Transitory Provisions

For the purpose of progressive implementation of the new concepts of the Eventing Rules, the following transitory provisions will apply:

**Art 502.1.3/ 524.2.3** - Order of tests Short Format Competition (CICs)/ Horse Inspection: The Cross Country as last test is recommended for 2013 and will be compulsory from 1st January 2014. Only for specific reasons and after approval by the FEI, Jumping could be organised as last test. In this case the 2<sup>nd</sup> Horse Inspection will be compulsory.

**Art 513 - Appointment of Officials:** New requirements will be implemented from 1st January 2013, however exceptions will be granted in exceptional cases for motivated reasons in the first year of implementation.

**Art 519 – Categorisation of Athletes:** Exceptionally, an intermediary list of categorisation of Athletes will be published at the latest 1 June 2013.

**Art 520.2 - Option to use CNs (national Competitions)** for qualification purposes available until end 2013 **for a limited number of targeted CNs by nation** for a motivated reason..

**Art 546.2 - Distances and Speeds:** The changes to the required distances are recommended for 2013 and will be compulsory from 1st January 2014.

**NOTE:** The changes to these Rules have not been highlighted as the document has undergone a full revision.

# THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the Horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

## **1. General Welfare:**

### **a) Good Horse management**

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality hay, feed and water must always be available.

### **b) Training methods**

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

### **c) Farriery and tack**

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

### **d) Transport**

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.

### **e) Transit**

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

## **2. Fitness to compete:**

### **a) Fitness and competence**

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and Competitions; additionally rest periods should be allowed following travelling.

### **b) Health status**

No Horse deemed unfit to compete may compete or continue to compete; veterinary advice must be sought whenever there is any doubt.

### **c) Doping and Medication**

Any action or intent of doping and illicit use of medication constitutes a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

### **d) Surgical procedures**

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

### **e) Pregnant/recently foaled mares**

Mares must not compete after their fourth month of pregnancy or with foal at foot.

### **f) Misuse of aids**

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

### **3. Events must not prejudice Horse welfare:**

#### **a) Competition areas**

Horses must be trained and compete on suitable and safe surfaces. All obstacles and Competition conditions must be designed with the safety of the Horse in mind.

#### **b) Ground surfaces**

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injuries.

#### **c) Extreme weather**

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

#### **d) Stabling at Events**

Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

### **4. Humane treatment of Horses:**

#### **a) Veterinary treatment**

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

#### **b) Referral centres**

Wherever necessary, the Horse should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

#### **c) Competition injuries**

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

#### **d) Euthanasia**

If injuries are sufficiently severe a Horse may need to be euthanized by a veterinarian as soon as possible on humane grounds, with the sole aim of minimising suffering.

#### **e) Retirement**

Horses must be treated sympathetically and humanely when they retire from Competition.

### **5. Education:**

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

## EVENTING VISION STATEMENT

Eventing constitutes the most complete combined equestrian Competition, demanding of the Athlete considerable experience in all branches of equitation and a precise knowledge of his Horse's ability, and of the Horse a degree of general competence, resulting from intelligent and progressive training.

The Cross Country Test constitutes the most exciting and challenging all-round test of riding ability and horsemanship where correct principles of training and riding are rewarded. This test focuses on the ability of Athletes and Horses to adapt to different and variable conditions of the Competition (weather, terrain, obstacles, footing, etc.) showing jumping skills, harmony, mutual confidence, and in general "good pictures".

This test requires by all involved special awareness and acceptance of a certain level of risk inherent to the particular challenging and exciting nature of the test.

Every effort must be made to ensure that, at each level, responsible Athletes are participating with progressively trained Horses in order not to be exposed to a higher risk than which is strictly inherent to the nature and level of the Competition.

## Chapter 1 GENERAL

### 500 Introduction

#### 500.1 Definition

An Eventing Competition consists of three distinct tests during which an Athlete rides the same Horse throughout, namely: Dressage, Cross Country and Jumping.

#### 500.2. Responsibility

##### 500.2.1. Athletes

An Athlete is ultimately responsible for knowing these Eventing Rules and complying with them. The appointment of a Steward or Official, whether or not provided for in these Eventing Rules, does not absolve the Athlete from such responsibility.

##### 500.2.2. National Federations

National Federations are responsible for selecting and entering eligible Athletes and Horses for all international Competitions taking responsibility for their fitness and competence to compete.

##### 500.2.3. National Safety Officers

All National Federations organising international Eventing Events must appoint an active National Safety Officer (NSO) to liaise with the FEI with regards to all matters directly relating to Eventing Risk Management.

##### 500.2.4. Registration

All Athletes and Horses participating in international Competitions must be annually registered with the FEI.

##### 500.2.5. Horses Passport and Microchips

Please refer to General Regulations (GRs), art 137.

## Chapter 2 STRUCTURE OF COMPETITIONS

### 501 Competitions and Series

#### 501.1 International (CIs)

Competitions with an individual classification. Location, date and level of CIs must be approved by the FEI. Special requirements may apply for 3&4 star level Competitions at new venues.

At one and two star level Competitions of the same level can be divided in several sections and be treated as a single entity according to specific provisions.

#### 501.2 Official International (CIOs)

Competitions with an official team and individual classification. Each member of a team will automatically be considered for the individual classification. Teams will always be composed of Athletes from the same country.

Location, date and level of CIOs must be approved by the FEI and Eventing Committee. Each National Federation may only organize one CIOs in any calendar year.

#### 501.3 Championships (CHs)

Competitions with an official team and individual classification. Each member of a team will automatically be considered for the individual classification. Teams will always be composed of Athletes from the same country.

Geographical representation, age group of Athletes and Horses, location, date and level are decided by the Bureau.

In exceptional cases teams at a Continental Championships may be regional and if so the territorial scope must have been previously approved by the Eventing Committee.

Pony, Junior and Young Rider Championships must be organised during the long school holidays.

##### 501.3.1 Minimum Participation

Continental Championships can only be held if at least three National Federations and/or Regional Teams are represented at the first Horse Inspection.

Outside Europe Continental Championships for Young Riders and Juniors may be held with any number of Regional Teams from at least two National Federations.

##### 501.3.2 Individuals in Addition to Teams

The maximum number of individual Athletes authorised to take part in addition to each team is fixed as follows:

- a) Seven or more teams entered - two individuals per country plus a further six individuals from the host country.
- b) Five or six teams entered - three individuals per country plus a further eight individuals from the host country.
- c) Four or less teams entered - four individuals per country plus a further ten individuals from the host country.

If there are less than 35 entries in total, the number of individuals entered from each country may be increased proportionally.

National Federations will be advised by the Organising Committee at the closing of nominated entries.

### 501.3.3 Levels of difficulty

The level of difficulty of Championships will be as follows:

- a) Ponies - one star
- b) Young Horses (six year) - one star
- c) Young Horses (seven year) - two star
- d) Junior - one star
- e) Young Riders - two star
- f) Continental/Regional Championships and Games will be decided by the Eventing Committee after consultation with the relevant National Federations
- g) World Championships - four star

### 501.3.4 World Individual and Team Championships

The World Championships are for Seniors.

World Championships can only be held if at least six National Federations are represented.

If the World Championships are conducted separately, the number of Athletes will be in accordance with art. 501.3 for Championships.

If Eventing is organised with other disciplines (World Equestrian Games), the host country will be limited to the same number of Athletes and Horses as foreign countries.

## 501.4 Games

### 501.4.1 Regional and Continental Games

Eventing may be organised at regional or continental multi sport games (e.g. Pan American, Asian, South American, South East Asian, etc.) with an official team and individual classification.

These games are organised by NOC confederations, responsible for general regulations with the exception of the technical aspects. The age group, format and level must be approved by the FEI Eventing Committee.

### 501.4.2 Olympic Games

Olympic Games are organised by the International Olympic Committee in accordance with the FEI Special Regulations for Olympic Games and current Eventing Rules.

## 501.5 FEI Eventing Series

FEI Eventing Series can be established further to approval by the Bureau. (e.g. FEI Eventing World Cup, FEI Eventing Nations Cup, etc.)

For all Series separate Rules for qualification and participation must be approved by the Bureau.

## 502 Formats and Levels

Competitions are also defined by their format and level.

### 502.1 Formats

#### 502.1.1 Definition

Formats define some of the technical aspects of the Competition (duration of the Competition, intensity of the Cross Country Test, order of tests, etc.)

#### 502.1.2 Long Format Competition (CCIs)

A Long Format Competition may take place over three or more days. The Dressage Test will be spread over one or more consecutive days, depending on the number of competitors, directly followed on the next day by the Cross Country Test that will be directly followed on the next day

by the Jumping Test.

In the Long Format Competitions the Cross Country course will be of such a length that the Horse is required to be supremely fit and stamina will be required for success.

The Cross Country Test will always take place before the Jumping Test.

### **502.1.3 Short Format Competition (CICs)**

A Short Format Competition may take place over one or more days. The Dressage Test will always take place first and will be followed on the same or following days by the Jumping and Cross Country Test.

In the Short Format Competition the level of difficulty of the Cross Country course is similar to the Long Format according to the star system, but the course is shorter and the intensity of efforts will be higher.

The Cross Country Test will always take place after the Jumping Test.

In any case coaching or training by all FEI Officials at the particular Competition must be avoided after arriving at the Competition grounds, unless in special circumstances permission has been given by the FEI Secretary General. Coaching or training includes the walking of courses and the training and warming up of Athletes for dressage or jumping.

Course walks open to all Athletes are encouraged, but those restricted to own pupils are not allowed.

### **514.2.2 Other conflicts - Ground Juries**

- a) CIs at 1&2 star level - conflicts should be avoided whenever practicable.
- b) CIs at 3&4 star level - conflicts must be avoided whenever practicable. If unavoidable they must be declared and accepted by the FEI Secretary General.
- c) Games/Championships/Series Finals - conflicts of interest are not allowed.

### **514.2.3 Other Conflicts - Technical Delegates and Course Designers**

Other conflicts will not apply for Technical Delegates and Course Designers.

The FEI Secretary General may refer any potential conflict of interest to an independent review panel that he will appoint upon request and which will be composed of two sportsmen (recent retired Athletes) and one Member with legal knowledge (as well as reserve member).

This panel may confer by email or telephone.

In emergency any one member of the panel may make a decision.

## **515 Duties of Officials**

The Ground Jury, Technical Delegate(s), Course Designer and Veterinary Delegate, in conjunction with the Organising Committee, shall endeavour to ensure that all the arrangements for the Competition are fair, safe and appropriate.

This shall include the arenas, courses, obstacles and footing with special regard to the level of difficulty of the Cross Country and Jumping courses that must in all cases fully respect the level of the Competition.

Ensuring the correct level of difficulty of the Cross Country and Jumping courses according to the relative star level of the Competition is paramount in order to achieve a correct and effective technical progression of Horses and Athletes throughout the levels.

### **515.1 Jurisdiction of Officials**

The period of jurisdiction of the Ground Jury commences one hour before the beginning of the first Horse Inspection or one hour prior to the start of the Dressage Test, whichever is earlier, and terminates half an hour after the announcement of the final results.

However, the Ground Jury has full jurisdiction also from when they inspect and approve the cross country course

### **515.2 Ground Jury**

#### **515.2.1 General Duties**

The Ground Jury is ultimately responsible for the judging of the Competition and for settling all problems that may arise during its jurisdiction.

Any member of the Ground Jury shall have the duty and full authority at any time during the Competition to eliminate from the Competition any Horse that is lame, sick or exhausted and any Athlete that is unfit to continue.

The Ground Jury will also be responsible for monitoring and taking action in any case of dangerous riding (art. 525) and abuse of Horse

#### **515.2.2 Inspection and Approval of Courses**

### **515.2.4 Dressage Test**

The Ground Jury will judge the Dressage Test.

### **515.2.5 Cross Country Test**

The Ground Jury will be responsible for determining objections against decisions by technical personnel, including Fence Judges and Timekeepers, on the Cross Country Test and may substitute their judgement for that of any Judge or Official, whether in favour of the Athlete or not.

During Cross Country either the President of the Ground Jury must be in Cross Country Control or, if the President of the Ground Jury does not speak or understand the language which is being used for communication purposes, one of the members of the Ground Jury who does speak and understand the language must be there instead.

The President, in consultation with the Technical Delegate, shall make this decision and will decide about the role and positioning of the other Ground Jury members during the Cross Country Test.

The President and the members of the Ground Jury shall retain the same task throughout the Cross Country Test.

### **515.2.6 Jumping Test**

The Ground Jury will be responsible for the judging of the Jumping Test.

At all Games and Championships the Ground Jury must be assisted by a Jumping Judge from the FEI list.

At all other Events such assistance is optional. Should any member of the Ground Jury be also a qualified Jumping Judge, no additional member is required.

It is essential that the President of the Ground Jury or appointed Jumping Judge be in control of the bell.

At Short Format Competitions (CICs), if the Jumping takes place while other phases are also happening, this task may be delegated to a qualified national Jumping Judge with an understanding of FEI rules.

## **515.3 Technical Delegate**

### **515.3.1 General Duties**

The Technical Delegate will approve the technical and administrative arrangements for the conduct of the Competition, for the examinations and inspections of Horses, for the accommodation of Horses and Athletes and for the stewarding of the Competition.

The authority of the Technical Delegate shall be absolute until he has reported to the Ground Jury that he is satisfied with all the arrangements. Thereafter, he will continue to supervise the technical and administrative conduct of the Event and will advise and assist the Ground Jury, Veterinary Commission and the Organising Committee.

### **515.3.2 Courses and Arenas**

For all three tests the Technical Delegate will inspect and approve the courses, arenas and facilities for exercising and training, including the type and dimensions of obstacles and measurements of courses, with particular reference to their suitability for the level of the Competition.

The Technical Delegate is specifically required to measure all courses to ensure they are of the indicated distances. He must be able to inspect the courses early enough to allow for modifications to be made.

The Technical Delegate will supervise the briefing and conduct of all technical personnel (i.e. fence Judges, timekeepers).

### **515.3.3 Instruction to Officials**

Where there is any doubt as to the correct interpretation of the rules of judging any element, obstacle or combination of obstacles, it is recommended that the Technical Delegate, in consultation with the Ground Jury if possible, should approve the instructions to the Officials, providing a rough sketch if necessary, and all Athletes will be informed at the briefing or as soon as possible after the Technical Delegates decision, if later.

### **515.3.4 Scoring**

The Technical Delegate will investigate all enquiries regarding scoring, including penalties awarded, and report to and advise the Ground Jury on any decisions they are required to make.

### **515.3.5 Abuse of Horse and/or Dangerous Riding**

The Technical Delegate has the authority to warn or stop an Athlete on Cross Country course for dangerous riding (art. 525), riding an exhausted Horse, excessive pressing of a tired Horse, riding an obviously lame Horse, excessive use of whip and/or spurs (art. 526).

### **515.3.6 Arbitration and Investigation Panel**

The Technical Delegate will ensure that an Arbitration and Investigation Panel will be appointed on the first day of the Event by the Organising Committee in consultation with the Technical Delegate and President of the Ground Jury.

The Arbitration and Investigation Panel will consist of three people a non-competing current or recent Athlete experienced at the level of the Event, an FEI Official, and a third independent person experienced in the sport, e.g. an Organiser.

The Arbitration and Investigation Panel will render a decision in the case of a dispute between Athletes and Officials according to Annex F and make a report on the circumstances surrounding the accident to the President of the Ground Jury in the Event of a serious accident to Horse or Athlete.

### **515.3.7 Reporting to the FEI**

The Technical Delegate is responsible for reporting back after the Events to FEI Headquarters.

## **515.4 Course Designer**

The Course Designer must be present at the Cross Country course inspection with the specific Ground Jury for the Cross Country course for which the Course Designer is responsible. If for any serious reason, the appointed Course Designer cannot be present also during the Cross Country Test, this information needs to be reported to the FEI with a suitable proposal for replacement before the start of the Event.

Any infringement of this article will be reported to the FEI Secretary General for possible legal action to be considered by the FEI.

### **515.4.1 Cross Country**

The Course Designer is responsible for the layout, measurement, preparation and marking of the route for the Cross Country and for the design, construction and marking of the obstacles on Cross Country.

### **515.4.2 Jumping**

The Course Designer is ultimately responsible for the layout, design and construction of the Jumping course and he must ensure that the course complies with all the current Eventing Rules.

For 1&2 star level Competitions it is recommended that the duty of building the Jumping course is delegated to a nationally recognised Jumping Course Designer.

For 2&3 star level Competitions and 1&2 star level Championships the duty of building the Jumping course will be delegated to a national Jumping Course Designer and for 4 star level Competitions and 3&4 star level Championships, they must be delegated to an FEI Jumping Course Designer.

- b) Assist in the holding area (Holding Box) at the Horse Inspections, examining Horses and reporting his findings to the Ground Jury and the Veterinary Delegate.
- c) Supervise the veterinary services during the Event, including the emergency arrangements during Cross Country Test.

**NOTE:** To be aligned with Veterinary Rules in 2014.

### **515.6 Appeal Committee**

The duties of the Appeal Committee are as laid down in the General Regulations and in the Veterinary Regulations.

A full Appeal Committee (President and at least two members) is compulsory for Championships and Series Finals. It must consist of a foreign member.

At all other international Events, the duties of the Appeal Committee may, at the Organising Committees discretion be carried out by the Ground Jury.

Except at a Championship, the Appeal Committee, if appointed, may consist of a single person, who must in such a case be an Official International or International Judge or an International Technical Delegate, who is not officiating at the Competition in any other capacity.

### **515.7 Stewards**

## Chapter 5 TECHNICAL REQUIREMENTS FOR PARTICIPATION

### 516 Principles

In order to be entered in an international Competition Athletes and Horses must first and foremost fulfil the criteria set by their National Federation.

In addition to the criteria set by National Federations the eligibility to compete will be determined by the achievement of a number of Minimum Eligibility Requirements (art. 517) in international Competitions. MERs have to be achieved by the Horse or by the Athlete/Horse as a combination according to the level of competence/experience (Art. 519 Athletes Categories) of the Athlete and the level of the Competition.

National Federations are encouraged to set stronger and additional criteria to FEIs minimum requirements for Horses and Athletes.

Organising Committees, with the approval of the FEI and their own National Federation, may also impose additional criteria for Horses and/or Athletes, which must be published in the schedule approved by the FEI.

The Technical Delegate, or his nominee, shall check that all Horses and Athletes are correctly entered by their National Federation and registered with the FEI.

### 517 Minimum Eligibility Requirement (MER)

A Minimum Eligibility Requirement is achieved by completing a Competition within minimum parameters of all round performance as follows:

- a) Dressage Test: not more than 75 penalty points.
- b) Cross Country Test:
  - A clear round (0 penalties) at obstacles (see Art. 520 for exception).
  - Not more than 90 seconds exceeding the optimum time in the Cross Country Test for one, two and three star level Competitions and 120 seconds in the case of four star level Competitions.
- c) Jumping Test: not more than 16 penalties at obstacles.

**NOTE:** All MERs obtained in previous years will be counted according to the rules in place at that time.

### 518 Minimum Eligibility Requirement Deadlines

The deadline for obtaining a Minimum Eligibility Requirement for CIs and CIOs is:

- a) At least 24 days before the Cross Country Test of the Competition for which is needed if the MER has been achieved at a Long Format Competition (CCIs).
- b) At least 10 days before the Cross Country Test of the Competition for which is needed if it has been achieved at a Short Format Competition (CICs).

**NOTE:** As of 2013, MERs for CIs and CIOs do not expire.

For all Championships the valid period for obtaining a Minimum Eligibility Requirement is from the preceding calendar year to the closing date of the nominated entries.

## 519 Athletes Categories

FEI Athlete categories for Eventing define a recognition of proven competence of the Athlete at a certain level.

Athletes will be categorised (Uncategorised International, D, C, B, A) according to their performance in a rolling eight years period as defined in the following table.

D	Fifteen (15) MER at FEI short (CICs) or long (CCIs) format Competitions of one star level or above; or five (5) MERs at FEI short (CICs) or long format (CCIs) competitions at higher level.
C	Fifteen (15) MER at FEI short (CICs) or long (CCIs) format Competitions of two star level or above; or five (5) MERs at FEI short (CICs) or long format (CCIs) competitions at higher level.
B	Fifteen (15) MER at FEI short (CICs) or long (CCIs) format Competitions of three star level or above; or five (5) MERs at FEI long format (CCIs) competitions at four level.
A	Fifteen (15) MER at FEI short (CICs) or long (CCIs) format Competitions of three star level or above of which five at four star level.

The Athlete category will be updated accordingly to the performances at the end of each calendar year.

**NOTE:** Exceptionally, an intermediate list of categorisation of Athletes will be published at the latest 1 June 2013.

## 520 Minimum Eligibility Requirements for CIs and CIOs

The following table details the requirements needed to be entered in the different formats, categories and levels of international Competitions.

When multiple Minimum Eligibility Requirements are required, one of the Minimum Eligibility Requirements can be achieved incurring 20 penalties at the obstacles of the Cross Country Test.

### 520.1 Athletes not yet categorised at the level of the Competition

For Athletes not yet categorised at the level of the Competition the Minimum Eligibility Requirements must be achieved as a combination according to the following table:

#### Short format:

CIC 1*	All Athletes	NF requirements
CIC 2*	Uncategorised Athletes	NF requirements + 1 CI 1*
	D Athletes	NF requirements
CIC 3*	Uncategorised or D or C Athletes	NF requirements + 2 CI 2*

#### Long format:

CCI 1*	All Athletes	NF requirements
CCI 2*	Uncategorised Athletes	NF requirements + (1 CCI1* or 1 CIC2*) and 1 CIC2*

	D Athletes	NF requirements + (1 CCI1* or CIC2*)
CCI 3*	Uncategorised or D or C Athletes	NF requirements + 1 CCI2* + 1 CIC3*
CCI 4*	Uncategorised or D or C or B Athletes	NF requirements + 1 CCI3* + 2 CI 3*

**NOTE:** Any Athlete that has obtained a MER in 2012 or before as an combination is automatically qualified to compete at the same type / level of Competition in 2013.

## 520.2 Athletes already categorised at the level of the Competition

Athletes already categorised at the corresponding level or above, can either use the full requirements for uncategorised Athletes as per Art 520.1 as a combination or the Minimum Eligibility Requirements according to the following table that can apply to the Horse only:

### Short format:

CIC 1*	All Athletes	NF requirements
CIC 2*	C or B or A FEI Athletes	NF requirements
CIC 3*	B or A FEI Athletes	NF requirements + 1 CI 2*

### Long format:

CCI 1*	All Athletes	NF requirements
CCI 2*	C or B or A FEI Athletes	NF requirements + (1 CCI1* or 1 CIC2*)
CCI 3*	B or A FEI Athletes	NF requirements + 1 CCI2*
CCI 4*	A FEI Athletes	NF requirements + 1 CCI3*

**NOTE:** As a transitory measure the option to use CNs (national Competitions) for qualification purposes can be available until end 2013 **for a limited number of targeted CNs by nation of equivalent type and level** for a specific reason. Targeted CNs are those for which the FEI has received and approved a request from the relevant NF for this specific purpose.

MERs obtained of the specific targeted national Events will only count for upgrade and not for Athletes categorisation.

The application must be sent a minimum of 4 weeks before the Event. An FEI 3&4 star Technical Delegate must function at the Event taking responsibility for the technical standards/level of the Competition and must report to the FEI (TD report) including full results.

During 2013 the FEI will monitor the policy of approval of targeted CNs for MER purposes for consideration of extension for subsequent years.

## 521 Minimum Eligibility Requirements for Championships

For Championships all Minimum Eligibility Requirements must be achieved as a combination.

CH 1*	NF requirements + 1 CCI 1*
CH 2*	NF requirements + 1 CCI 2*

CH 3*	NF requirements + 1 CCI 3*
CH 4*	NF requirements + (1 CCI 4*) or (1 CCI 3* + 1 CI 3*)

Qualification for Young Horse Championships will be established separately by the Eventing Committee on an annual basis.

## **522 Reverse Qualification**

A reverse qualification is the obligation for a Horse to show restored competence at a lower level (MER) after a number of unsuccessful attempts at a certain level. Reverse qualification only applies to the Horse.

A reverse qualifications is triggered by two consecutive Cross Country eliminations or a total of three Cross Country eliminations within a 12 months rolling period of time in an international Competition. For this purpose the relevant reasons of elimination on Cross Country would be :

- a) Three refusals
- b) Fall of Horse or Athlete
- c) Dangerous riding

In the case of a reverse qualification at certain level the Horse must obtain a Minimum Eligibility Requirement in an international Competition at a lower level before being allowed to compete again at the original level (e.g. Horse with 2 eliminations at 3 star level (any format) must obtain MER at 2 star level (any format) before going back to 3 star level (any format))

If a reverse qualification is triggered by eliminations that occur at different levels (any format), then the Horse must obtain a MER at the level below (any format) the highest level of Competition at which an elimination occurred.

If a reverse qualification is triggered following eliminations at 1 star level (any format) then the NF must assess the Horse and provide a written report to the FEI Eventing Department before the Horse may again take part in any international Eventing Competition.

In addition to the above, should an Athlete be involved with two (2) reverse qualifications within a 12 months rolling period of time (all incidents), his right to use the qualification pathway for categorised Athletes (Art 520.2) will be automatically suspended for one year.

## **Chapter 6 ATHLETES AND HORSES WELFARE**

### **523 Athletes Welfare**

#### **523.1 Medical card**

It is compulsory that Athletes, during the Cross Country Test, carry visibly on their person arm or shoulder a medical card including any relevant medical history of serious illness, injury (particularly to the head), tetanus immunity status, drug allergies, current medication and blood group. Athletes are responsible to record all injuries on the medical card and will not be allowed to start the Cross Country Test without the medical card.

Organising Committees need to collect all Athletes medical cards upon their arrival at the Event. These cards must then be checked by the Official Medical Officer. It is recommended that a copy be kept during the Competition by the Organising Committee secretariat. Each Athlete must also provide the contact numbers of two persons close to kin at this time.

#### **523.2 Medical Fitness**

If there is any doubt with regard to fitness to compete of an Athlete the Ground Jury, in consultation with the Official Medical Officer, may, at its own discretion, eliminate the Athlete and decide also about his ineligibility to take part in any other Competition at that Event.

Any such elimination must be reported to the FEI through the Technical Delegate report.

#### **523.3 Examination After a Fall**

All Athletes that have had a fall during training on the Competition site or in Competition must be examined by the Official Medical Officer before they either take part in another test, Competition or leave the venue. The Athlete is fully responsible for ensuring that this examination takes place.

Any Athlete who leaves the venue after a fall without submitting to the examination required under this Article will automatically be issued a Yellow Warning Card for incorrect behaviour, which will be delivered to his or her National Federation.

#### **523.4 Unconsciousness and/or Concussion**

When an Athlete has an accident that results in unconsciousness and/or concussion, the Athlete must be eliminated from the Competition and is ineligible to take part in any other Competition at that Event.

### **524 Horses Welfare**

To the extent this Article conflicts with any other FEI Rules or Regulations, including the Veterinary Regulations, this Article shall prevail.

#### **524.1 Veterinary Examination on Arrival**

This takes place on the arrival of Horses at the Event. It is performed by a qualified veterinarian, normally the Associate Veterinarian, appointed by the Organising Committee. The object is to establish: first each Horse's identity and veterinary history(vaccination, etc.) and second, each Horse's state of health.

The Organising Committee must fix the place and timetable for this examination in agreement with the Veterinary Delegate and inform in advance the Chefs d'Equipe and/or the Athletes.

Doubtful cases must be reported to the Ground Jury or Appeal Committee as appropriate, as soon as practicable and, in any case, before the first Horse Inspection.

## **524.2     Horse Inspections**

The Horse Inspections shall be open to viewing by the public.

### **524.2.1     First Horse Inspection**

This takes place before the Dressage Test, normally the day before. It is conducted by the Ground Jury and the Veterinary Delegate acting together as a committee with the President of the Ground Jury in charge.

The Horses, presented by their respective Athlete, must be inspected in hand, at rest and in movement on a firm level, clean but not slippery surface.

The committee has the right and the duty to eliminate from the Competition any Horse that they judge is unfit, whether on account of lameness, lack of condition or for any other reason.

In a doubtful case the Ground Jury may direct that the Horse be put in an officially supervised holding area for examination by the Associate Veterinarian.

Should the Athlete decide to represent the Horse, the Associate Veterinarian will report any findings to the Ground Jury and the Veterinary Delegate prior to the Horse being re-inspected by the committee.

Horses in the holding area will be under the supervision and control of a Steward and the Associate Veterinarian.

In the Event of equality of votes within the committee, the President of the Ground Jury will have a second and casting vote, and the decision will be announced immediately.

### **524.2.2     Second Horse Inspection**

This takes place before the Jumping Test. It is conducted by the same committee and under the same conditions as the first Horse Inspection.

### **524.2.3     Option for Horse Inspection at Short Competitions (CIC)**

At a short Competition the First Horse Inspection is optional, however if one is to be held the details must be published in the schedule of the Competition.

In the Event that there is no First Horse Inspection, an FEI Official Veterinarian must assess the Horse's fitness to compete within the Examination on Arrival pursuant to 524.1 of these Eventing rules. Horses deemed by the FEI Official Veterinarian to be unfit to compete must be reported to the Ground Jury.

**NOTE:** For 2013 the Second Horse Inspection will be compulsory if the Jumping Test is the last test.

## **524.3     Horse Welfare During the Competition**

At any time during the Competition, the Ground Jury, in consultation with the Veterinary Delegate, has the right and the duty to eliminate any Horse which, in his opinion, is lame or unfit to continue.

### **524.3.1     Cross Country - Warm Up**

There will be a qualified veterinarian, appointed by the Organising Committee in agreement with the Veterinary Delegate, near the start of the Cross Country to report any doubtful cases to the Ground Jury.

### **524.3.2     Cross Country - Finishing Area**

A veterinary examination will take place after the Horse has finished the Cross Country. It is conducted by a qualified veterinarian appointed by the Organising Committee in agreement with the Veterinary Delegate.

In addition to carrying out any immediate treatment required by an injured or exhausted Horse, this veterinarian will decide if each Horse:

- a) Is fit to return immediately on foot to its own stable.
- b) Should remain for further treatment before returning to its stable.
- c) Should be transported by vehicle either direct to its stable or to a veterinary hospital.

This veterinarian has no authority to eliminate any Horse from the Competition, but must report any doubtful case to the Ground Jury and to the Veterinary Delegate.

An Athlete who has withdrawn, has been eliminated or stopped during the Cross Country Test is responsible to make sure his Horse has been checked by the Veterinary Delegate or an appointed veterinarian before leaving the venue.

Any Athlete who leaves the venue without submitting to the veterinary check required under this Article will automatically be issued a Yellow Warning Card for incorrect behaviour, which will be delivered to his or her National Federation.

### **524.4 Appeal**

At the two Horse Inspections and at any time during the Competition where a Horse may be eliminated for Horse welfare reasons, there can be no appeal against the decision of the Ground Jury.

However, if requested, the president must give a reason for the decision.

### **524.5 Medication Control Testing**

The Organising Committee must provide adequate veterinary facilities including a suitable box for clinical examination and first aid (Treatment Box), and a Testing Box for medication control purposes. The Control of Medication of Horses must be conducted in accordance with the General Regulations and the Veterinary Rules.

Medication control testing should be carried out by an official Testing Veterinarian as part of the FEI Equine Anti-Doping and Controlled Medication Programme (EADCMP) or by the Veterinary Delegate if there is no appointed Testing Veterinarian.

## **525 Dangerous Riding**

### **525.1 Definition**

Any Athlete who, at any time during the Competition deliberately or unintentionally by incompetence is exposing himself, his Horse or any third party to a higher risk than what is strictly inherent to the nature of the Competition will be considered to have acted dangerously and will be penalised accordingly to the severity of the infringement.

Any individual member of the Ground Jury and the Technical Delegate have the right and the duty to monitor possible cases of dangerous riding and, if appropriate and practical, to stop and eliminate an Athlete on the cross country course for dangerous riding.

If not directly witnessed by the Ground Jury, the incident must be reported as soon as possible to the Ground Jury who will decide if and how to penalise the Athlete.

The President of the Ground Jury can in addition designate one or more assistants (e.g. experienced Eventing Officials who are not in an Official function at the Competition, experienced Athletes or/and trainers not directly involved in the Competition) to help to monitor possible cases of dangerous riding in the cross country.

The President of the Ground Jury will decide their specific role, authority and reporting procedure. It is recommended that these additional Officials be grouped in pairs on the Cross Country course.

### **525.2 Warnings and Penalties**

Different cases of dangerous riding will be dealt with one of the following provisions:

- a) Recorded Verbal Warning
- b) Yellow Warning Card.
- c) 25 penalties.
- d) 25 penalties + Yellow Warning Card.
- e) Elimination.
- f) Elimination + Yellow Warning Card.

25 penalties will count as Cross Country obstacles penalties in the results.

Any of the above sanctions applied must always be reported by the Technical Delegate to be added on the Athlete sanction list.

### **525.3 Elimination Before Cross Country**

As a preventive risk management measure, the Ground Jury, at any time throughout the Competition, has the right and the duty to eliminate an Athlete to prevent him from starting the Cross Country Test, if there is a serious concern regarding his ability to control the Horse in that test.

Any such elimination must be associated with an recorded verbal warning or Yellow Warning Card.

Where possible the report should be supported by a statement from one or more witnesses.

The Ground Jury must decide if there is a case to be answered.

- e) Disqualification.

### **526.3 Use of the Whip**

Blood on Horses may be an indication of abuse of Horse and must be reviewed case by case by the Ground Jury.

In minor cases of blood in the mouth, such as where a Horse appears to have bitten its tongue or lip, or minor bleeding on limbs, after investigation the Ground Jury may authorise the Athlete to continue.

## **527 Yellow Warning Cards**

In the case of a Yellow Warning Card being issued, immediately after the decision of the Ground Jury, a notice stating the name of the Athlete and the reason of the warning must be posted on the Official notice board.

The Person Responsible has the right to seek out the Ground Jury for any explanation related to the Yellow Warning Card.

  - Vertically in the middle part of the hard hat for the Jumping Events;
  - Vertically in the middle part of the protective head gear of Dressage;
  - Vertically in the middle part of the protective head gear of Eventing National colors may appear on the entire surface of such protective headgear.

In any case, the Athlete's national identification can be combined in the same surface area with the name and/or logo of the Athlete's sponsor(s), his team sponsor(s) and/or the National Federation's sponsor(s) as long as their presence and visibility are in compliance with the surface areas mentioned in art.135 1.2.1. and 1.3.1 of the General Regulations.

### **541.6 Athlete's Name**

While present in the Competition area and during the prize-giving ceremonies the Athlete's name may appear on a surface area not exceeding:

- a) Eighty square centimetres (80 cm<sup>2</sup>) only once lengthwise on the left leg of the riding breeches during the Jumping and Cross Country Tests of Eventing.

### **541.7**

Unless otherwise specified in this Article, no advertisement or publicity is permitted on any Athlete, Official, Horse, or riding equipment while present in any Competition area or during the performance. However, Athletes inspecting the course may wear the logo of their sponsor, their team sponsor(s), and/or of their National Federation's sponsor(s) and/or their nationality within a frame not exceeding four hundred square centimetres (400 cm<sup>2</sup>) on the front and back of their top garments and within a frame not exceeding fifty square centimetres (50 cm<sup>2</sup>) on head gear.

### **541.8**

Unless otherwise provided in the Sport Rules, advertising may appear on obstacles, fences and on the sides of the arena provided any applicable broadcast, internet, or similar law or agreement permits such advertising.

### **541.9**

Unless otherwise agreed in writing by the FEI, for the purpose of this Article, the Competition area shall include all areas where the Athlete is being judged or his/her Horse is undergoing a Horse inspection. It shall not include collecting rings and start and finish box.

## **Chapter 8 DRESSAGE TEST**

### **542 FEI Dressage Rules**

The FEI Dressage Rules apply for the Eventing Dressage Test except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Dressage Rules during the year will be evaluated for inclusion in these Eventing Rules from 1st January the following year.

### **543 Administration**

#### **543.1 Type and level of Test**

The type and level of the test will be determined by the type and level of the Competition and will, therefore, be related to the quality and the standard of preparation of the Athletes and Horses.

##### **543.1.1 CIs and CIOs**

Organising Committees are free to select the specific test to be used within the one shown in Dressage Annex table Dressage Tests according to the level of the Competitions.

##### **543.1.2 Championships and Games**

For all Championships and Games the "B" test will be used unless specified differently by the FEI.

#### **543.2 Number of Tests to be judged by day**

The Organising Committee may include a maximum of fifty (50) Horses per day to be judged by one Ground Jury, with an additional flexibility of maximum ten (10) percent, if agreed by the Technical Delegate and the President of the Ground Jury.

#### **543.3 Judges Positions**

Two of the three Judges must be placed along the short side, on the outside of and five metres from the arena. The president (C) shall be on the prolongation of the centre line, the other (M or H) two point fifty metres from and on the inside of the prolongation of the long sides.

The third Judge will be at either E or B, outside and five to ten metres from the arena. The three positions shall be either C,H,B or C,M,E, as determined by the Technical Delegate, taking into account the test and the position of the sun.

In the case of only two Judges they will be positioned at C and either B or E, as determined by the Technical Delegate, taking into account the test and the position of the sun.

A separate hut must be provided for each Judge. They must be raised not less than fifty (50) centimetres above the ground, in order to give the Judges a good view of the arena.

### **544 Scoring**

#### **544.1 Marking**

##### **544.1.1 Good Marks**

Judges will award good marks from zero to ten (10) for each numbered movement and for each of the collective marks. Only whole marks to be used for Dressage Test of Eventing.

**NOTE:** articles on Errors of Course and Fall of Athlete and/or Horse removed from Eventing as same in Dressage Rules.

### **544.2 Calculation of Scores**

#### **544.2.1 Good Marks**

The good marks from zero to ten (10) awarded by each Judge to an Athlete for each numbered movement of the Dressage Test together with the collective marks are added together deducting any error of course or test.

#### **544.2.2 Judges Percentages**

For each Judge the percentage of maximum possible good marks obtainable is then calculated. Percentage is obtained dividing total good marks of the Judge (minus any error of course or test) by maximum possible good marks obtainable and then multiplying by 100 and rounding the result to two decimal digits. This value is shown as the individual mark for that Judge.

Rounding the result to two decimals includes any score of "x.xx5" and above is round up and any score less than "x.xx5" is rounded down.

#### **544.2.3 Athletes Percentage**

Athletes percentage is calculated on the average good marks obtained by adding together the total good marks for each Judge and dividing by the number of Judges. The Athletes percentage will always be rounded to two decimal digits.

#### **544.2.4 Penalty Points**

In order to convert Athletes percentage into penalty points, this must be subtracted from 100 and multiplied by one point five with the resulting figure being rounded to one decimal digit. The result is the score in penalty points for the test.

Rounding the result to one decimal includes any score of "x.x5" and above is round up and any score less than "x.x5" is rounded down

## Chapter 9 CROSS COUNTRY TEST

### 5445 Rules Governing the Cross Country Test

#### 545.1 Starting

##### 545.1.1 Starting Procedure

Athletes at the start of the Cross Country must be under the control of the starter and may not deliberately start until instructed to do so, under penalty of elimination at the discretion of the Ground Jury.

The Horse does not have to stand absolutely immobile, but the Athlete must not get any advantage from a flying start.

Each Athlete should be given reasonable warning before the time he is due to start, but it is the Athlete's responsibility to ensure that he is ready to start at the correct time.

##### 545.1.2 Starting Box

In order to simplify the task of the starter, an enclosure approximately five meters per five meters will be built at the start of the Cross Country, with an open front through which Horses will start and a gap in one or both sides from which the Horses will enter.

Each Athlete must start from within the enclosure and is at liberty to move around and through the enclosure as he pleases.

An attendant may lead the Horse into the enclosure and may hold the Horse until the signal to start is given. From that instant, the Athlete is considered to be on the course and no further assistance may be given.

#### 545.2 Optimum Time and Timing

##### 545.2.1 Optimum Time / Time Limit

The distance chosen, carried out at the chosen speed, gives the optimum time. Completing in less than the optimum time is not rewarded. An Athlete exceeding the optimum time will be penalised in accordance with art. 548.2 up to the time limit.

The time limit is twice the optimum time.

##### 545.2.2 Timing

Each Athlete will be timed on the Cross Country Test from the moment the signal to start is given or from the moment he crosses the starting line which ever happens first to the moment he crosses the finishing line.

If an Athlete is stopped by an Official, e.g. for a broken fence, accident, being overtaken, for medical or veterinary examination, etc., the time during which he is prevented from continuing until he is cleared to start will be recorded and deducted from the total time taken to complete the Cross Country Test.

#### 545.3 Error of Course

All compulsory passages on Cross Country and all obstacles, including all elements and/or options, must be passed or jumped in order under penalty of elimination.

All red or white flags must be respected wherever they occur on course under penalty of elimination except as provided in art. 549.4.

Retaking an obstacle already jumped is forbidden, under penalty of elimination, except as provided for in art. 549.4.

### **545.4 Pace and Dismounting**

Between the start and finish of the Cross Country Test, Athletes are free to choose their own pace.

Athletes may voluntarily dismount without incurring elimination according to art. 549.5.1 to check on Horse, adjust saddlery or equipment, or when held on course.

### **545.5 Overtaking**

Any Athlete who is about to be overtaken by a following Athlete must quickly clear the way.

Any Athlete overtaking another Athlete must do so only at a safe and suitable place.

When the leading Athlete is before an obstacle and about to be overtaken, he must follow the directions of the Officials.

When the leading Athlete is committed to jump an obstacle, the following Athlete may jump that obstacle only in such a way that will cause no inconvenience or danger for either.

### **545.6 Athlete in Difficulty**

If, in attempting to negotiate an obstacle, a Horse should be trapped in such a way that it is unable to proceed without assistance or is liable to injure itself, the Athlete will be instructed by the fence Judge to dismount and will be eliminated.

The fence Judge will decide if parts of the obstacle need to be dismantled or if any other assistance needs to be given to extricate the Horse.

### **545.7 Stopping Athletes**

If any part of an obstacle is obstructed by an Athlete in difficulty, or if any obstacle has been dismantled to release a fallen Horse, or if an obstacle has been broken and is not yet rebuilt, or in any other similar circumstances, subsequent Athletes must be halted.

In such a case, an Official should be posted in the path of the oncoming Athlete. He shall wave a red flag, which indicates that the Athlete must stop.

Failure to stop is penalised by elimination at the discretion of the Ground Jury.

The Official will stop Athletes only upon the instruction of the Control Centre or during an emergency at his own obstacle.

Athletes may be stopped on the course at obstacles or at designated timing/stopping points.

#### **545.7.1 Timing**

The time during which the Athlete was stopped, from the moment he passed the timing point until he passes that same point after being given the order to restart, will be recorded and it will be deducted from the total time taken by the Athlete to complete the course.

It is clearly intended that the time shall be taken as the Athlete gallops past the timing point, not after he halts nor after a start from the halt.

### **545.8 Leaving the Course After Elimination**

An Athlete eliminated for any reason must leave the course at once and has no right to continue. The Athlete must walk his Horse off the course, either mounted or dismounted.

Athletes who fail to comply will be disciplined at the discretion of the Ground Jury in accordance with Art. 525 (Dangerous Riding).

### **546 Courses**

#### **546.1 Marking**

##### **546.1.1 Red or White Boundary Flags**

Red or white boundary flags shall be used to mark the starting and finishing lines, to mark compulsory passages, and to define obstacles. They are placed in such a way that an Athlete must leave a red flag on his right and a white flag on his left.

##### **546.1.2 Numbers and Letters**

Each obstacle on Cross Country shall be numbered. Obstacles with elements or options (art. 547.5.1) shall, in addition, be lettered (A, B, C, etc.). Each compulsory passage shall be marked and numbered consecutively.

##### **546.1.3 Start and Finish Signs**

In addition to the red or white boundary flags, the starting and finishing line shall also be marked by distinct signs.

#### **546.2 Distances and Speeds**

The distances and speeds demanded for the different levels are determined by the intended difficulty of the whole test.

Course Designers, within the limits shown in Table of Distances, Speeds, Times and Jumping Efforts for the relevant level of Competition see Annex B table Distances, will choose the most suitable distance for the specific Competition.

Any exceptional modification to the distances and speeds specified in Annex B table Distances must be approved by the Eventing Committee, except as provided for in Art. 537.2.

**NOTE:** The changes to the required distances are recommended for 2013 and will be compulsory from 1st January 2014.

#### **546.3 Finishing Lines**

The last obstacle of Cross Country shall be not less than 20 metres no more than 50 metres from the finishing line.

#### **546.4 Course Plans**

Each Athlete will be given in advance a plan showing the track of the course.

The course plan must include the following:

- a) The position of the start and finish
- b) The numbered obstacles and compulsory passages
- c) The distance
- d) The optimum time and time limit

### **547 Obstacles**

#### **547.1 Definition**

An obstacle is considered as such if and only if its extremities are marked with a red and white flag or flags and it is numbered and/or lettered accordingly. All significant jumping efforts that the average Horse may be expected to attempt to negotiate must be defined as an obstacle or element and flagged, numbered and/or lettered accordingly.

### **547.2 Type of Obstacles**

#### **547.2.1 General**

The obstacles must be fixed and imposing in shape and appearance. When natural obstacles are used, they should, if necessary, be reinforced so that they remain in the same state throughout the test. All reasonable precautions must be taken to prevent the possibility of an Athlete being able to pass mounted under an obstacle. Portable fences must be secured to the ground in a way that they have no possibility to move if hit by a Horse.

#### **547.2.2 Construction**

The obstacles at which a Horse, in falling, is likely to be trapped or to injure itself, must be built in such a way that part of the obstacle can be quickly dismantled and can be quickly rebuilt exactly as before. Such a construction must not in any way detract from the solidity of the obstacle.

#### **547.2.3 Brush**

Brush on top of fences must be made of flexible and deformable material. The fence must be constructed so that a Horse clearing the fixed and solid part is unlikely to be injured by the brush or hedge. Bullfinches, i.e. thin brushes or hedges through which a Horse can be expected to jump are permitted, provided they can be maintained in consistent condition throughout the test.

#### **547.2.4 Frangible/Deformable Obstacles**

Obstacles can be provided with frangible/deformable technology only if such technology has been approved by the FEI according to the FEI Standard for the minimum strength of frangible/deformable cross country fences. A list of approved technologies is published on the FEI website.

#### **547.2.5 Water Crossings**

In all water crossings the bottom should be firm and consistent.

### **547.3 Dimensions**

The dimensions of obstacles must be within the limits shown in the Table of Obstacle Heights and Spreads for the relevant level of Competition see Annex B table Dimensions.

#### **547.3.1 Fixed Part**

The fixed and solid part of an obstacle may not exceed the specified height or spread at any of the points at which an Athlete might reasonably attempt to negotiate the obstacle.

#### **547.3.2 Brush**

The overall height and the height of the solid part of a hedge or brush fence must never exceed the relative dimension set in the Table of Obstacle Heights and Spreads for the relevant level of Competition see Annex B table Dimensions.

#### **547.3.3 Water**

At obstacles involving water crossings (ford, lake or wide river), the depth of water, from the entrance to the exit must not exceed 35 centimetres. The length of any water crossing must be at least six meters between entry and exit, except where an exit step(s) or fence is jumped directly out of the water, in which case the minimum length must be nine meters.

#### **547.3.4 Obstacles with Spread Only**

At an obstacle with spread only (dry or water filled ditch), a guard rail or hedge in front that facilitates jumping is permitted. It may not exceed 50 centimetres in height and must be included in the measurement of the spread.

#### **547.3.5 Drops**

At 1 star level, no drops over 160 centimetres are permitted. At 2, 3 & 4 star level drops with a flat landing exceeding 160 centimetres are limited to two.

## **547.4 Measurement**

### **547.4.1 Height**

The height of an obstacle is measured from the point where the average Horse would take off.

### **547.4.2 Spread**

The spread of an open obstacle (e.g. oxer or ditch) is measured from the outside of the rails or other material making up the obstacle. The spread of a closed obstacle with a solid top (e.g. Tables) is measured from the highest point to the highest point.

### **547.4.3 Drop**

The drop on the landing side of an obstacle is measured from the highest part of the obstacle, including from the top of a brush fence, to the point where the average Horse would land.

### **547.4.4 Natural Obstacles**

When the height of an obstacle cannot be clearly defined (e.g. natural hedge, bullfinch), the height is measured to the solid part of the obstacle through which a Horse cannot pass with impunity.

## **547.5 Obstacles with Elements and/or Options**

### **547.5.1 Obstacles Composed of Several Elements**

If two or more jumping efforts, sited closely together, are designed as one integral test, they will be designated as "elements" of a single numbered obstacle. Each element will be marked with a different letter (A, B, C, etc.) and must be negotiated in the correct order.

Where two or more jumping efforts are sited so closely together that after a refusal or run out it would be unreasonably difficult to attempt to negotiate the second or subsequent effort without retaking one or more earlier efforts, these jumping efforts must be designated as one numbered obstacle and lettered accordingly.

### **547.5.2 Obstacles with Alternatives**

Where an obstacle may be jumped in one effort but has alternatives involving two or more efforts, each of these alternatives must be lettered or numbered as an element.

### **547.5.3 Black Flagged Alternatives**

Alternative obstacles or elements may be flagged separately and must be identified by the same number/letter as on the direct route. In this case only one obstacle/element has to be jumped, both sets of flags must be marked with a black line.

An Athlete is permitted to change without penalty from one black flagged line to another (e.g. jumping 6a left hand route then 6b right hand route) provided he has not presented his Horse at the next element of the original line.

## **547.6 Number of Jumping Efforts**

The total number of jumping efforts shall be within the limits (minimum and maximum) shown in the Table of Distances, Speeds, Times and Jumping Efforts for the relevant level of Competition see Annex B table Distances.

The efforts to be counted are the efforts on the route expected to be taken by the average Horse.

## 548 Scoring

### 548.1 Faults at Obstacles

Fault	Penalty
First refusal, run-out or circle	20 penalties
Second refusal, run-out or circle at the same obstacle	40 penalties
Third refusal, run-out or circle on XC Course	elimination
Fall of Athlete or Horse on Cross Country Course	elimination
Breaking a frangible obstacle/device	21 penalties <sup>1*</sup>
Dangerous Riding	25 penalties

<sup>1\*</sup> Clarification and procedure for the implementation of the penalty for "Breaking a frangible obstacle/device" :

The Ground Jury has the duty to assess all activations of frangible devices to understand if the Athlete & Horse clearly did not answer the jumping question set by the Course Designer and only in such case apply 21 penalties. The penalty is not automatic and the Ground Jury must consider all situations case by case to determine if the penalty should be applied.

### 548.2 Time Faults

Fault	Penalty
Exceeding optimum time	zero point four (0.4) penalty per commenced second
Exceeding time limit	elimination

### 548.3 Additional Reasons for Elimination

#### 548.3.1 Compulsory Elimination

Elimination must be applied in the following cases:

- Competing with improper saddlery (art. 539).
- Error of course not rectified (art. 545.3).
- Omission of obstacle or compulsory passage (art. 545.3).
- Jumping or incurring a fault at an obstacle in the wrong order or passing through a compulsory passage in the wrong order (art. 545.3).
- Jumping an obstacle in the wrong direction (art. 545.3).
- Retaking an obstacle already jumped (art. 545.3).
- Athlete in difficulty (art. 545.6).

#### 548.3.2 Ground Jury Discretion

Elimination is left to the discretion of the Ground Jury in the following cases:

- Dangerous riding (art. 525).
- Abuse of Horse (art. 526).
- Deliberately starting before being given the signal to start (art. 545.1.1).
- Jumping or attempting to jump any obstacle without headgear, or with an unfastened retention harness (art. 538.1.1).
- Wilful obstruction of an overtaking Athlete, or failure to follow the instructions of the Officials while being overtaken (art. 525).

- f) Causing danger to another Athlete while overtaking that Athlete (art. 525).
- g) Failure to stop when signalled (art. 545.7).
- h) Unauthorised assistance (art. 540).

### **549 Definition of Faults**

The following faults at obstacles (refusal, run-out and circle) will be penalised unless, in the opinion of the relevant Official, they are clearly not connected with the negotiation or attempted negotiation of a numbered obstacle or element.

#### **549.1 Refusal**

##### **549.1.1 Obstacles With Height**

At obstacles or elements with height (i.e. exceeding 30 centimetres), a Horse is considered to have refused if it stops in front of the obstacle to be jumped.

##### **549.1.2 Obstacles Without Height**

At all other obstacles (i.e. 30 centimetres or less in height) a stop followed immediately by a standing jump is not however penalised, but if the halt is sustained or in any way prolonged, this constitutes a refusal. The Horse may step sideways but if it steps back, this is a refusal.

##### **549.1.3 Multiple Refusals**

After a refusal, if an Athlete redoubles or changes his efforts without success, or if the Horse is represented at the obstacle after stepping back and stops or steps back again, this is a second refusal; and so on.

#### **549.2 Run out**

A Horse is considered to have run out if, having been presented at an element or obstacle on the course, it avoids it in such a way that the head, neck and both shoulders of the Horse fail to pass between the extremities of the element or obstacle as flagged.

##### **549.2.1 Change of Intention**

An Athlete is permitted to change his mind as to where he jumps an obstacle or element at any time, without penalty, including as a result of a mistake at a previous obstacle or element. If, however, the Horse avoids part of the obstacle at which it has been presented, he will be considered to have run out.

##### **549.2.2 Judging of Bounce Obstacles**

At any obstacle where the distance between elements is 5 meters or less (i.e. a "bounce"), when a Horse has negotiated the first element without penalty, he will be deemed to have been presented at the second element and similarly if the "bounce" is for example the second and third elements of a combination. Thus if an Athlete "changes his mind" while negotiating the first element of a "bounce" and, for example, then goes a longer route, he will still be penalised 20 penalties for a run-out.

#### **549.3 Circle**

##### **549.3.1 Separately Numbered Obstacles**

At separately numbered obstacles, an Athlete may circle between or around them without penalty provided he has not presented his Horse at the second or subsequent obstacles.

##### **549.3.2 Obstacles Composed of Several Elements**

At an obstacle composed of several elements (A, B, C, etc) a Horse will be penalised if it passes around any element or circles between elements.

### **549.4 Representing After a Disobedience**

After being penalised for a refusal, run-out or circle, an Athlete, in order to make another attempt, is permitted to circle one or more times without penalty, until he again presents his Horse at the obstacle.

At an obstacle composed of several elements if the Athlete refuses, runs out or circles at any element, he is permitted to retake any elements already jumped, although he is liable to be penalised for any fault even if he has previously jumped an element successfully.

If after a refusal, run-out or circle, he wishes to pass through flags in the wrong direction in order to retake an element, he may do so without penalty.

### **549.5 Fall**

#### **549.5.1 Athlete**

An Athlete is considered to have fallen when he is separated from his Horse in such a way as to necessitate remounting.

#### **549.5.2 Horse**

A Horse is considered to have fallen when, at the same time, both its shoulder and quarters have touched either the ground or the obstacle and the ground or when it is trapped in a fence in such a way that it is unable to proceed without assistance or is liable to injure itself.

## **Chapter 10 JUMPING TEST**

### **550 FEI Jumping Rules**

The FEI Jumping Rules apply for the Eventing Jumping Test except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Jumping Rules during the year will be evaluated for inclusion in these Eventing Rules from 1st January the following year.

### **551 Object**

This test is similar to an ordinary Jumping Competition, but without any attempt to find a winner of this test on its own. Its main objective is to prove that, the Horse and Athlete are well trained in the specialist discipline of Jumping.

The nature of the course, its length, the speed demanded and the dimensions of the obstacles will be in accordance to the level of the Competition.

### **552 Course and Obstacles**

Within the limits shown in Jumping Annex C, the Course Designer is free to plan a track suitable to the level of the Competition.

The dimensions of the obstacles shall not exceed the limits shown in Jumping Annex C. At least two thirds shall be of maximum height for the level offered.

A tolerance of five centimetres in height is acceptable, if dictated by the terrain or by the spacing of the cups as authorised by the FEI Jumping Rules.

#### **552.1 Type of Obstacles**

The obstacles will be standard Jumping obstacles.

The obstacles should have a balance of vertical and spread obstacles and shall include two or three doubles or a double and a treble.

Closed combinations are not permitted. A water jump is not permitted, but a water ditch with rails over is allowed.

FEI approved safety cups must be used as support for back poles of spread obstacles, and in the case of a triple bar, to support the centre and back pole of the obstacle.

Alternative obstacles are permitted. These jumps are to be marked on the course plan with the same number and with the word "Alternative".

### **553 Scoring**

#### **553.1 Faults at Obstacles**

Fault	Penalty
Knocking down an obstacle	4 penalties
First run-out, refusal or unauthorised circle in the whole test	4 penalties
Second run-out, refusal or unauthorised circle in the whole test	elimination
Fall of Athlete or Horse	elimination

### **553.2 Time Faults**

The length of the course and the speed demanded determine the time allowed.

Completing the course in less than the time allowed is not rewarded, but exceeding the time allowed is penalised by one penalty for each commenced second in excess of the time allowed, up to the time limit, which is twice the time allowed.

Exceeding the time limit involves elimination.

## **Annex D Medical Services**

### **Recommendations for Medical Services at FEI Competitions**

#### **1 Medical Attendance at Event**

The on-site provision of medical care must be available during the hours of the Competition and must include the training areas, stables and on-site accommodation.

First aid must also be provided for spectators during the hours of Competition.

A qualified physician with Advanced Trauma Life Support certification ("ATLS"), a paramedic with Pre-Hospital Trauma Life Support (PHTLS) or International Trauma Life Support ("ITLS") certification, or a nurse with Trauma Nurse Core Curriculum ("TNCC") or the equivalent of any of the above in the country in which the Event takes place (hereinafter a "Pre-Hospital Trauma Care Specialist") must have credentials allowing access to the entire facility at all times including the stable area and finish area during Competition.

#### **2 Chief Medical Officer**

A Chief Medical Officer, suitably experienced and with local knowledge must be appointed well in advance, to act in liaison with the Organising Committee and the emergency services for the adequate provision of medical resources.

A meeting of medical officers or delegates should be held at the Cross Country venue to familiarise them with the Event plan and services available by the host physicians or the Pre-Hospital Trauma Care Specialist in case of emergency.

A list of phone numbers of medical officers for each team should be obtained at every Competition.

For teams with no physician, the physiotherapist, or trainer, or lay person designated as a contact in the Event of a medical emergency should give a contact phone number to the host physicians or the Pre-Hospital Trauma Care Specialist.

#### **3 Cross Country and Jumping Test**

During the Cross Country and Jumping Test, a fully equipped Pre-Hospital Trauma Care Specialist with trauma and resuscitation skills must be available on site and must have the capability of rapid deployment to any part of the arena or course in adverse conditions.

Radio communication must be made available to alert the emergency services and a telephone line or cell phone must be reserved for immediate communication with the designated accident and emergency hospital.

The Cross Country Test will require Pre-Hospital Trauma Care Specialist. The required number will depend on the layout of the courses and the accessibility of the site. However, there must be at least one Pre-Hospital Trauma Care Specialist present throughout all the tests.

A Medical Centre or ambulance should be established on site during Competition hours for the treatment of minor ailments and for the observation and initial treatment of serious injuries or illness.

Rapid routes for access and departure must be prepared and safeguarded for the expeditious transfer of the seriously injured to the hospital.

Depending on the access to the site and the distance to hospital, helicopter evacuation may be required. A suitable landing area should be provided for the helicopter ambulance.

If an Athlete falls at a Competition, he should not be allowed to continue without a medical assessment, even if the Athlete has no obvious injury. Frustrated Athletes who fall and then refuse medical attention create an issue for the host medical service providers.

Athletes have the right to refuse treatment, but not the right to compete with injuries that may be undetected.

## Annex E Organising Requirements for Eventing 4 star Level Events

Four star level Events are believed to be the pinnacle of the sport representing Eventing on the world stage and as such it is felt that there should be some guidelines for potential OCs to ensure that the image of the sport and the presentation of the Event are of the highest possible quality.

The FEI will only recognise a few Events at this level and this recognition will be subject to some strict criteria.

- a) Before being awarded an Event of four star level status the Organising Committee must have run, at the venue, a lower level international Eventing Competition of at least Three star level, and demonstrated the ability to stage an Event of the highest level.
- b) Application from the host National Federation to the FEI to stage a Four star level Event must to be accompanied by a proposal including detailed information about the venue (access, facilities, etc) and the suitability of the footing, the Organising Committee, the financial viability (including proposed levels of sponsorship income), budget and cash-flow, local accommodation availability, and proposed level of prize money.
- c) The Organising Committee must have a proven track record of success. A business plan must be presented.
- d) Details in regard to the Organising Committees Broadcast strategy must be provided as well as expressions of interest in regard to Broadcast coverage.
- e) The venue needs to be approved by an FEI appointed Delegate, who will visit the proposed Event at the OC's/National Federation's expense
- f) The National Federation will be responsible for supporting the application and overseeing the success of the Event, and a representative of the National Federation must be included in the Board of the Organising Committee.
- g) Minimum level of prize money: € 100'000.
- h) Mandatory CCTV for public, Athletes, owners and the Ground Jury and for safety reasons.
- i) The proposal must include the proposed Course Designers that must be a 3&4 star Course Designer. The Course Designer in question must support the proposal and guarantee that the venue is suitable for the Four star level.
- j) An all weather dressage arena is strong recommended.
- k) Dates must fit in to overall Eventing calendar, not clash with any major Event and be consistent from year to year in order to allow the other Events to position themselves in consequence.
- l) Application shall be sent to the FEI by July the year preceding the Event applied for.
- m) The Event has to be approved by the FEI Eventing Committee who reserve the right to ask for as much information as is considered necessary. The FEI Eventing Committee also reserves all rights to not accept the Four star denomination request of any Organiser.
- n) A review committee composed of representatives of the FEI Eventing Committee, FEI Delegate and the FEI Secretary General will assess existing Four star level Events on a yearly basis. Should any Event not fulfil requirements it will be possible to re-evaluate the star level.

**NOTE:** 2012 Annex 9 "Directives For One & Two Star CCI/CIC with Several Sections for the Same level in Regard to Ground Juries" included in text under appointment of Officials

## **Annex F Consultation with Athletes**

### **1 Appointment of Athlete Representative**

Prior to the Athletes' first opportunity to inspect the Cross Country course every Organising Committee of an international Event must appoint an Athlete Representative from among the Athletes taking part in the Competition having first obtained that Athlete's consent.

This Athlete Representative has the task of acting as a channel of communication between the Athletes and the Officials on any matter directly connected with the Event without in any way removing the right of any Athlete to speak to the Organising Committee, Technical Delegate, Ground Jury, or Course Designer. The name of this Athlete must be notified to the Athletes at the briefing if one is held or posted prominently on the Event notice board if no briefing takes place.

### **2 Chairman of Arbitration and Investigation Panel**

The Organising Committee will appoint prior to the start of the Competition the Chairman of an Arbitration and Investigation Panel (see point 9 below).

### **3 First meeting of Athletes called by the Athlete Representative - 1st Horse Inspection**

At the end of the day on which the First Horse Inspection is held there will be a meeting of all Athletes should they so wish to be called by the Athlete Representative. The Technical Delegate and representative of the Organising Committee should attend although not the Ground Jury unless specifically requested by the Technical Delegate, Organising Committee or the Athlete Representative.

### **4 Second meeting of Athletes called by the Athlete Representative - after 1st day of Dressage Test**

If the Event is a Long Format Competition (CCI) with two days of Dressage the Athlete Representative has the right, if there are any concerns amongst the Athletes, to ask for an Athletes' meeting to take place at the end of the first day of Dressage to discuss major issues concerning the obstacles on the course and/or the distances of the course.

This meeting must be attended by the Ground Jury, Technical Delegate, Course Designer, and a senior representative from the Organising Committee (If there are no issues the Athlete Representative may advise the Technical Delegate who will contact the Organising Committee and the Ground Jury and cancel the meeting).

### **5 Meeting Minutes**

At this meeting any such issues must be recorded in writing (the Technical Delegate & Athlete Representative have this responsibility) and the response of the Ground Jury also recorded in writing and signed by the President of the Ground Jury and the Athlete Representative.

### **6 Additional Athlete Representative**

At this stage the Athletes may appoint two additional people (to join the already appointed Athlete Representative) as Athlete Representative's to continue the discussions with the Officials and the Organising Committee. These additional two people can be anyone that the Athletes choose and do not necessarily have to be competing at the Competition.

## **7 Final Athletes Meeting of the Athletes before the Cross Country**

A further and final Athletes' meeting, attended, as before, by all the Officials and a representative from the Organising Committee, is now required.

Ahead of this meeting the written response by the Ground Jury to any written concerns of the Athletes raised the previous evening shall be given to the Athlete Representative's. At this meeting any final briefing of the Athletes will take place.

If the Athletes are still dissatisfied with the decisions of the Ground Jury a vote will be taken. This should be a secret vote and the Organising Committee should assist the Athletes in conduct of the meeting. The issue to be voted on is "Do you accept the responses of the Event Officials, or should they be referred to the Arbitration and Investigation Panel for final decision?"

If a majority of the Athletes actually taking part in the Competition (50 percent plus one) so agree the outstanding issue(s) will be referred immediately to the Arbitration and Investigation Panel for a final decision against which there will be no appeal.

At this meeting any such issues must be recorded in writing (Technical Delegate & Athlete Representative responsibility) and the response of the Arbitration and Investigation Panel also recorded in writing and signed by the Chairman of the Arbitration and Investigation Panel and the Athlete Representative.

## **8 Athletes Briefing**

The usual Athletes briefing on routine matters to do with last minute changes due to meteorological conditions, ground, etc must still take place on the evening before the Cross Country Test. In case of dispute on such issues, the procedure with the Arbitration and Investigation Panel is available for use.

## **9 Arbitration and Investigation Panel**

The Arbitration and Investigation Panel will consist of three people appointed on the first day of the Event by the Organising Committee in conjunction with the Athlete Representative.

The Arbitration and Investigation Panel shall include: (a) a non-competing current or recent Athlete experienced at the level of the Event, (b) an FEI qualified Official, and an independent person experienced in the sport who is not involved in any way with the Event, e.g. an Organiser.

If such people are not available at the Event, after reasonable efforts to engage them, the Organising Committee, in consultation with the Technical Delegate and the President of the Ground Jury, must appoint an Arbitration and Investigation Panel of similarly experienced people likely to have the confidence of both the Athletes and Officials alike.

Any one of these three people can be appointed as President of the Arbitration and Investigation Panel. The President or a member of the Appeal Committee may be appointed to this Arbitration and Investigation Panel if suitably qualified.

## **10 Events with only 1 day of Dressage**

At a Competition with only one day of Dressage it will be necessary to modify the above procedure. In these circumstances the above timetable may be compressed and/or certain steps omitted but the most important principles must be retained, i.e.:

- a) Concerns and responses recorded in writing.
- b) The opportunity for Athletes to vote if dissatisfied.
- c) Final decision by the Arbitration and Investigation Panel, provided a majority of starters so request.

The above procedure for consultation with Athletes will not apply for Championships, Team Events, Young Riders or Juniors Events (Athlete Representative replaced by Chef d'Equipe)

## **Annex G FEI Badges for Honour**

Badges of Honour will be awarded to Athletes who complete Olympic Games and World Championships to the following scale:

- a) A Gold Badge for three completions.
- b) A Silver Badge for two completions.
- c) A Bronze Badge for one completion.
