## Alpe Adria Eventing Trophy

Dobrodošli

1. The Alpe Adria Eventing Trophy (AAET) is a “triangular Eventing trophy” in which riders of bordering nations such as Italy, Slovenja and Austria compete. The Alpe Adria Trophy’s aim is to attract many young and amateur eventers or whoever would like to participate or begin this discipline. For this reason our plan is to organize competitions that host lower categories. The coordinators of the AAET will be Mr. Manfred Wakonig, Mr. Martin Jager and Mr. Claudio Berra.
2. The trophy will consist of 6 (six) competitions: 3 (three) in Italy (Friuli Venezia Giulia region) and 3 (three) in Austria (Carinthia) in which anyone who is licensed within the Italian, Austrian or Slovenian federation can compete. All the Federations approve the rules and accept to participate in the trophy.
3. At the end of the trophy there will be the **Alpe Adria International Eventing Trophy Champion**, junior and senior, only if these will participate at least in 3 (three) competitions of which at least 1 (one) in homeland and 2 (two) abroad . In this case Slovenian riders will be considered as Austrian riders.
4. For those riders who compete in more than 3 (three) competitions, the worst scores 1-3 will not be considered as per the rules and minimum request in paragraph 3.
5. Every event will be run according to the national regulations, except for the exemptions for the AAET, in paragraph 11.
6. For those who would like to participate to the AAET , there will be an entry fee of 10 Euro per event and this tax will go directly to the AAET committee and will be extra with respect to the normal entry fee as stated in the event schedule, in which the rider competes. If a rider wishes to compete with more horses in one event, he can with max 3 (three) horses

and for the AAET the best result of the event will count. He will have to pay 10 Euro for each horse if he wants to participate in the trophy with all horses, otherwise the result of the horse that was entered in the trophy will be kept in consideration.

- Every federation has to select a national nominee for the AAET who will be responsible for the entries of the competitors of his nation, check that everything is regular and send them to the organizing committee within FIFTEEN DAYS from the beginning of the event. The entries will be closed by the national nominee, **within the hours 24.00 of the SIXTEENTH DAY before the event.**

For Italy the nominee is Claudio Berra - email: claudioberra@campodibonis.it

For Austria the nominee is Manfred Wakonig - email: reitstall-wakonig@aon.at

For Slovenia the nominee is Christian Fugger - email: christian.fugger@aon.at

- The AAET will run categories 1-2-3 in Italy and categories AL-A-L in Austria, and the scores will be calculated according to the category and to the rider's "licence" as recorded in the following table:

### COEFFICIENT

Cat. ITALY	Cat. AUSTRIA	Brev R1 - R2	1G - R3	2G CCE - R3(Kader)
Cat. 1 pony and horses	Cl. AL pony, Haflinger, Noriker, Horses	1.2	1.3	1.5
Cat. 2 pony and horses	Cl. A pony, Haflinger, Noriker, Horses	1.1	1.2	1,4
Cat. 3 pony and horses	Cl. L pony, Haflinger, Horses	1	1	1.2

To have more competitors taking part in all of the AAET competitions, there will be extra points added to the normal points that the rider would normally obtain:

### ALLOWANCE

QUALIFIER	1°	2°	3°
AUSTRIA	NONE	NONE	FOUR
ITALY	NONE	NONE	FOUR

- The AAET scores will be calculated this way: every rider takes the best three negative scores that will be multiplied for the coefficient of his event and category (see table at par.8), and then the points of allowance of third event in Austria and Italy will be taken away. At the

end of the six competitions programmed, the points will be summed and the points will be used to do the final result, and from the final results two separate rankings will come out: one for the JUNIOR riders and one for the SENIOR riders and the prizes of “Champion of the Alpe Adria International Eventing Trophy” will be given. The rider that is first in the ranking will be the rider with less negative points, considering the 3 best scores. In case of ex-aequo the winner will be the rider that has the best score in the last competition.

#### 10. Prize money and prizes in kind:

- Prize money: the AAET committee will award prize money of 10.000 Euro, or more depending on the number of entries and this will be divided as follows:

12. In accordance with the national federations, all the riders of the AAET will be given a free guest license if the event is not held in their own nation. However, the request for a guest

license must be made by each national federation to the national federation where the competition is held.

To make the Guest License request easier, every federation will accept the entries in a cumulative form (attached) with the list of riders and horses participating to every single event – signed by the Regional Committee or NF – that will also be valid as entry form.
